

CENTRAL INTELLIGENCE AGENCY

Director, Office of Legislative Liaison 3 October 1985

NOTE TO: DCI

o Given recent approval of the Senate version of the FY 86 Intelligence Authorization ~~Bill Act~~ and the imminent Senate/House Conference, it is necessary to get this, quickly, to OMB so it can be passed to Congress to give the SSCI specifics for negotiation.

o The length of the letter is a function of the variety and complicity of the sections of the two versions of the bill. Our comments have been coordinated and developed with OGC, the Comptroller, the DO and Gary Chase.
